## Summary

NIT-IIMalumunus I am passionate about Technology for growth. Experience of 27 years in IT and two major sectors in Indian Industry. Logistics and Automotive. Worked closely with Satyam (currently Tech Mahindra), PwC, IBM and with Oracle technology to have one the most successful implementation of ERP, Business Transformation and BI in Logistics sector for Gati Limited, Hyderabad. Handled the sustenance, growth and business continuity from INR 200 crores to INR 1200 crores from 2001 to 2017 with a lean staff and team size. Was responsible for leading and guiding end-to-end software development through-out the product development lifecycle spanning project management , analysis, design, development, testing and implementation. Solved complex time hogging PL/SQL processes from as much as 48 hours to 3 hours using a varied mix of approach from breaking and executing in parallel to fine tuning of individual queries to building inline queries on large voluminous Oracle databases.
