## Summary

Completed B.tech from VelTech Deemed University with C.G.P.A 7.92 and Infosys training with aggregate mark 73%. I am a quick learner and team Player.

## Work Experience

### INFOSYS LTD as System Engineer

Jan 2019 to Till Date

Ekart Online Shopping - During Infosys Mysore Training : We were provided with partially implemented project and we need to fully implement it. Our work was to add, view and delete products from Exchange List by the seller which can be viewed by customer using Spring and Hibernate framework.

Database Analysis Tool : This is a stand alone application which is used to scan and Analyze all the drawbacks and bottleneck like failover solution, index fragmentation, supported version, Edition, CPU time used, backup or unused tables, etc of a given database and generate a excel sheet report including observation and Recommendation for every bottleneck.

Automation Tool maintenance and Ticket Resolution: Worked for a U.S. based leading Healthcare where i learnt production support activities and a lot of healthcare and business knowledge, Tickets solving with optimum time usage, code fixes, job monitoring work and handling abend issues and certifications related to the project.
