## Work Experience

**Cognizant** as JAVA Product Engineer  
Sep 2015 to Till Date

Health TranZform:

It is a HealthCare Product based Project and comprises of 6 modular projects, i.e. EngageMember, EngageBroker, EngageEmployer, EngageProvider and ShopNEnroll. It is a self-service portal to provides access to key health plan information and interactions, including: claims management, coverage and benefit information, finding care, deductible status, billing and payment, identification cards, and much more. It is Spring Cloud Microservices based web application developed with Java as backend tool and Angular as frontend one.

- \* Worked as a java developer in EngageMember project
- \* Represent EnageMember project as a backend developer
- \* Team leader in backend development and responsible for backend deliverable for majority of the stories and features developed in a sprint
- \* Independent contributor to develop E2E backend services along with inter team communication, deciding and finalizing upon solution approach.
- \* Active participation in grooming and planning calls and discuss upon the satisfactory solution provided initially by me and our team members as far as possible and then approved by architects.
- \* Organized and prioritized work to complete assignments in a timely, efficient

- manner.
- \* Worked to bridge the gap by having effective meetings with product owners, PMG and architects.
  - \* Work and come upon ambiguous solutions by doing several POC after discussion with architects.
  - \* Functioned with flexibility and agility at offshore and onsite timings to reduce the gaps and understanding to finalize upon the impediments present in the stories.
  - \* Worked on architectural frameworks which drive backend functionalities.
  - \* A better team player and taking ownerships at the time of urgent or extreme pressure.
  - \* Experience in developing unit test cases using Junit and Mockito.
  - \* Achieved 1st bucket three times in a row and one time second rating in a span of 4 years and 6 months experience in the project.
  - \* Won two awards, one for associate of Trizetto above and beyond, and other one for Spot Award
