## Projects

Project Title: Front-End Development and Automation of CONNECT

Client: Ingram Micro Cloud Own Product

Nature of Employment: Full Time

Role: Sr. Programmer

Duration: Apr 2018 - Aug 2020

Onsite / Offsite: Offsite

Team Size: 20

Skill Used: Protractor, Cypress, Javascript, Vuejs

Project Details: Project Name: CONNECT(Ingram Micro Product)

It is a platform where the vendor can create and sell their products through providers. We have two teams one in India and another one in Moscow.

In this project, my part was to design the frontend using vuejs and to automate the portal using Protractor, Cypress, and javascript.

Project Title: Automation of Ensim Automation Suite

Client: Ensim India Pvt Ltd Own product

Nature of Employment: Full Time

Role: Programmer

Duration: Oct 2016 - Aug 2020

Onsite / Offsite: Offsite

Team Size: 8

Skill Used: Selenium Webdriver, Core Java

Project Details: Project Name: EAS Product(BSS-OSS)

Ensim Automation Suite is a BSS-OSS system where service providers can sell their products through resellers and agents. It has a marketplace to show the products. Office365 is one of the example products. My part in this project to automate the portal using selenium and protractor.

## Affirmative Action
