

RAJA C 

Having 5+y of experience in Cloud and DevOps tools.

Current Designation: DevOps Analyst

Total Experience: 5 Year(s) 5 Month(s)

Current Company: VITECH Asian Groups

Highest Degree: B.Tech/B.E.

Current Location: Hyderabad / Secunderabad

[Electronics/Telecommunication]

Pref. Location: Bengaluru / Bangalore, Chennai, Delhi / NCR

Functional Area: IT Software - Application Programming / Maintenance

Role: Software Developer

Industry: IT-Software/Software Services

Marital Status: Single/unmarried

Key Skills: **Devops, AWS, Docker, Ansible, Terraform, Jenkins**

Verified : Phone Number | Email - id

Last Active: 20-Jan-21

Last Modified: 20-Jan-21

Summary

5+ Years DevOps experience.

Development/Production Support on Cloud computing using AWS.

Experience on backup and restore the data using S3 buckets.

Experience on writing automation code using the ansible.

Jenkins agent for image creation using docker container.

Experience in providing support for build and deployment projects manually/automatically (CI/CD) for Web, Mobile Applications.

Experience with git version control.

Cloud formation template, s3 bucket, EBS volumes, EC2 containers, EC instances are used to support.

Experience on monitoring tools using logic monitor and Zabbix.

Experience on weblogic patching using ansible CM Tool.

Hardworking and eager to learn new technologies.

To obtain a challenging position in a competitive Software environment where my skills can be fully utilized to achieve objectives of the organization and lead to further growth in my professional Skills and personal satisfaction.

Work Experience

VITECH Asian Groups as DevOps Analyst

Apr 2017 to Till Date

Project 1 : V3 Insurance Product

Client : VITECH

Technology : Java Technology

Servers : Tomcat, WebLogic Server

Responsibility : Development, QA, Staging, Production

Tool/Software used : Jenkins, Ansible, SVN, Aws, Shell Scripting

ROLE : DevOps

Team Size : 12 People

Duration : April 2017- Still

V3 Application GI is end-to-end integrated application software for insurance companies.
