## Summary

I aspire to utilize my technical knowledge in an esteemed software organization that will enable me to use my organizational skills and educational background, where I can grow with the growth of the company.

## Work Experience

### **SDG Softwares India Pvt Ltd** as Associate Software Engineer

Jun 2018 to Till Date

#### TruOps

TruOps centralizes all information and connects assets to risk and compliance data - including policies, controls, vulnerabilities, issue management, exceptions and more

Involved in development of cyber security module, dashboard screen and various other modules.

Developed Policy management from creating, viewing and listing.

My work includes creating jsp's and writing java logic based on spring framework

Resolving bugs on priority based and maintaining its lifecycle on Jira.

Writing sql for database connectivity and implementing the same in java hibernate query.
