Hardworking software development professional driven to increase team effectiveness. Focused on usability and performance improvements. Proven history of developing useful, efficient and cost-effective projects.

Work Experience

Exto Project Solutions as Software Engineer -MEAN Stack
Aug 2017 to Till Date

Presently working on a internal product for construction monitoring where we use MEAN stack for the development of the web application. Working as end to end developer on the product. Presently working on Angular, Nodejs, MongoDB modelling, reporting and Dashboard designs (Data visualization - Highcharts).

Trainee-Technical Consultant
Exto Project Solutions, Bangalore, Karnataka
2017-08 -2018-08

Worked End to End development(Full Stack) on a Project called Exto-RUIDP, where it includes front-End(Angular 2,4), Database(mysql), Back-End(Spring-boot,java) and for Reporting we used Jasper Open source. Integrated Jasper to java application to render line data from database and to generate a report via pdf,xls,xlsx,html etc. Implemented Jasper Reporting using both relational(mysql) and non-relational(MongoDB) databases.
