## Summary

A performance driven professional; offering over 4 years of experience in Salesforce Development, Sales Cloud & Service Cloud, Integration, Administration, Support and Deployment. Showcased tenacity in leading complete Salesforce development and customization including designing, developing and supporting critical as well as real-time applications on Salesforce.

Insightful professional with success in maintaining and customizing Salesforce.com scopes such as users, roles, profiles, groups, accounts, contacts, record types, sharing rules, custom objects, permission sets, pick lists and page layout customization to support vital business functions.

Proven expertise in software principles, design patterns and all phases of SDLC encompassing requirement analysis, change requirements, technical design, implementation, deployment and support. Got my certification of Salesforce platform developer 1 in 2020.
