Summary

Innovative System administrator with Linux, Virtualization and Cloud Computing administration background with 5+ years of progressive IT experience in designing, implementing and managing cutting-edge deployment automation of cloud resources.

Work Experience

• **Aravinda Technologies** as System Administrator Aug 2017 to Till Date

Responsibilities:

As a Linux System Administrator, I have handled L2 support for production/Dev environments.

- Linux Administration : Install, Manage, Patching, Troubleshooting the RHEL Servers
- VMware vSphere Administration: Center operations, Host management, and SRM.
- HP Storage Administration & Data Backup.
- Responsible for deploying servers and applications
- SmbLDAP Server administration - Users and groups creations and maintenance
- Servers Administration - DNS, DHCP, Apache, Squid Proxy and File Server.
- Configuring the network services like FTP, NFS, Samba, and HTTP, Nagios
- Email Servers Security and Cisco Email Security Appliance (IronPort) administration.
- Proactively monitored and administered production and development servers remotely at the data center and in-house Servers.
- Complete Administration of Linux/VMware Environments.
- Provided 24/7 on call availability by means of a cell phone, instant messaging and e-mail. Improved system security by limiting users using unjustified root access.
- Built optimized and patched Linux kernels and mission-critical daemons with CPU optimizations to provide functionality not available in stock kernels and software, performance and reliability.
- Installed monitoring software, which allows performing statistical analysis of the cluster load up to one-year long.
- Designed and implemented backup procedures.
- Actively participated in disaster planning.
- Server creation in aws.
- Vpc administration in cloud.
- Basic troubleshooting and monitoring of cloud resources.

Project Description:

Implemented Roche Analytical Applications with focus on Syndicated data related to Roche pharmaceutical companies for their drugs, FDA audit and also for Sales Rep to cover different territories.

• **Vimta Labs Ltd** as Executive IT Jan 2013 to Aug 2016
