Software Engineer seeking roles in Software Development,Application Programming,Application Maintenance,Project Management,Requirement Gathering,Solution Architecture,C#,VB,ASP.Net MVC  
Core,MSSQL,Angular,JavaScript,JQuery,WEB API,TypeScript,MySQL

Current Designation: Software Engineer -Dot Net.

Total Experience: 2 Year(s) 7 Month(s)

Current Company: Splashgain Technologies

Notice Period: 1 Month

Current Location: Pune

Highest Degree: MCA [Computers]

Pref. Location: Pune

Functional Area: IT Software - Application Programming / Maintenance

Role: Software Developer

Industry: IT-Software/Software Services

Marital Status: Single/unmarried

Key Skills: Software Engineer,Software Developer,Software Development,Application Programming,Application Maintenance,Project Management,Requirement Gathering,Solution Architecture,C#,VB,ASP.Net MVC  
Core,MSSQL,Angular,JavaScript,JQuery,WEB API,TypeScript,MySQL

Verified : Phone Number | Email - id

Last Active: 22-Jan-21

Last Modified: 22-Jan-21

## Summary

A focused professional with 2.7 years of experience in Software Engineering

Understanding of Software Development Lifecycle (SDLC) right from requirement analysis, documentation (functional specifications, technical design), coding and testing (preparation of test cases along with implementation) to maintenance of proposed applications

Extensive experience of working with customers, project managers and technical teams for securing & executing concurrent projects; proficient with ASP.Net c#, ASP.NET MVC core, MSSQL, Angular, JavaScript, JQUERY and WEB API.

Understood process requirements and provided use cases for business, functional & technical requirements

Liaised with stakeholders during the course of problem diagnoses, requirements gathering, detailed level design, development, system test and production implementation to ensure that optimal resolutions were achieved

## Work Experience

**Splashgain Technologies** as Software Engineer -Dot Net.

Jun 2018 to Till Date

Role:

Developing software solutions by analysing information needs, conferring with users, studying systems flow, data usage, and work processes

Working on MVC CORE for around 2 year and above, ASP.NET, JavaScript, JQuery, Angular, word add-ins and Microsoft Azure for creating resources in resource group, creating VM and VM scale set, etc.

Creating dynamic queries in stored procedures extensively

Interacting with SDLC Team for requirement gathering; preparing functional specifications and low-level design documents as a foundation of coding

Conducting Unit Testing of applications; identifying and resolving the bugs in modules

Participating in daily defect meetings with the Project Manager and Development Team; identifying gaps and suggesting relevant solutions

Testing modules developed by self and the team to ensure that these are as per desired quality standards; writing test specifications and conducting tests as per the same

Performing analysis, designing, verification and maintenance of products in a process-driven, team environment

Resolving technical issues during the course of project execution

Highlights:

Effectively created games/quiz for a client in JavaScript and JQuery using Ajax  
Successfully developed a tool for account where creation of escalation matrix in ASP.NET was done using C#  
Developed and delivered critical modules of the project on time with minimum defects found during testing  
Analysed and modified existing codes to incorporate changes in the application as per user requirements, wrote new codes as required  
Established process-automation tools using technologies that enabled faster processing of applications  
Identified and fixed bugs; integrated unit tests into a nightly-build which increased line of code coverage  
Acted as key member of the Root Cause Analysis (RCA) team that analysed bug patterns and provided insights and practices to the development team for prevention of high priority/severity bugs  
Coded, implemented and integrated complex software programs using technologies WHICH troubleshoot and debugged new or existing software programs  
Created and shared the Daily Status Report (DSR) including key highlights, open defects, number of test cases executed/pending, and so on with the Project Manager

## Education

UG: **BCA (Computers)** from **Modern college (Pune University), Pune** in **2014**

PG: **MCA (Computers)** from **Modern college (Pune University), Pune** in **2017**

## IT Skills

Skill Name	Version	Last Used	Experience
C#, VB.Net,HTML5			
JavaScript, jquery,TypeScript			
ASP.Net with C# and VB, jsp			
.NET			
WINDOWS			
MSSQL Server, MySQL			
Word, Excel, PowerPoint			
JavaScript			
C#.Net, VB.Net, ASP.Net, ADO.Net			
SQL Server			
Angular, Typescript			
JavaScript, jquery and css			

## Languages Known

Language	Proficiency	Read	Write	Speak
English				
Hindi				
Marathi				

## Affirmative Action

Physically Challenged: No

## Work Authorization

Job Type: Permanent

Employment Status: Full time
