

SANJAY V 

.NET developer seeking roles in Application Development, Project Management, Application Design, Requirement Analysis, Requirement Gathering, Troubleshooting, Bug Fixing, Defect Resolution, Software Development Life Cycle, Quality Assurance

Current Designation: Backend Developer

Total Experience: 3 Year(s) 0 Month(s)

Current Company: Bright River

Highest Degree: B.Tech/B.E. [EEE]

Current Location: Chennai

Pref. Location: Bengaluru / Bangalore, Chennai, Hyderabad

Functional Area: IT Software - Application Programming / Maintenance

Role: Software Developer

Industry: IT-Software/Software Services

Marital Status: Single/unmarried

Key Skills: software developer, requirement gathering, troubleshooting, bug fixing, defect resolution, software development life cycle, quality assurance, .net framework, c#, wpf, oracle sql, rest, json, xml

Verified : Phone Number | Email - id

Last Active: 20-Jan-21

Last Modified: 20-Jan-21

Summary

Professional with over 3 years of experience in end-to-end design, development, deployment, testing, documentation, implementation, support, enhancement & delivery of Applications using .Net framework and technologies with domain specialization in Geographical Information Systems of telecommunication provider operations and the challenges

Insightful exposure of working with teams in App development in C# language using OOPS Concepts with knowledge of SQL scripting in Oracle SQL Developer and skills in development of complex stored procedures, packages and SQL Queries

Comprehensive knowledge of Geographical Information Systems of telecommunication providers

Significant exposure of working on ASP.NET web forms, WPF, Windows Forms and .NET Web Services; Expertise in Object Relational Mapping (ORM) using ADO.NET, LINQ, Lambda expressions

Successfully analyzed bug patterns and provided insights & practices to the development team for prevention of high priority/severity bugs

Work Experience

Bright River as Backend Developer

Jul 2020 to Till Date

Backend development and other development activities

Accenture as Application Data Analyst

May 2017 to May 2020

Growth Path-

May'19 - May'20

Accenture, Chennai as Application Development Analyst

May'17 - May'19

Accenture, Chennai as Application Data Analyst

Key Result Areas:

Working on full lifecycle implementation of projects including GAP analysis, As-Is & To-Be Analysis solution proposal, functional specification writing & documentation, development, testing and deployment

Interfacing with stakeholders for gathering business needs, analyzing & reviewing functional and high-level technical requirements and finalizing technical / functional specifications and high-level design documents

Maintaining data integrity in main tables & code history using Version Controlling Tool (SVN) and archiving data with an automated process

Troubleshooting the application multiple times, supporting bug fixing, maintaining stored procedures and executing system enhancements according to user requirements for the application created

Participating in daily defect meetings with Project Manager; tracking gaps and suggesting relevant solutions

Creating and sharing Daily Status Report (DSR) including key highlights, open defects, number of test cases executed/pending, and so on with Project Manager

Ensuring that best practices for coding, architecture, and security are employed across all applications

Providing post-implementation, application maintenance and enhancement support to the client with regard to the software application; ensuring all solutions are scalable, extensible & available from architecture stand point

Administering day-to-day activities of the development team; providing technical guidance and leadership to fellow team members in area of expertise; developing mechanisms for resolving team conflicts

Education

UG: **B.Tech/B.E. (EEE)** from **SRI VENKATESHWARA COLLEGE OF ENGINEERING** in **2017**

IT Skills

Skill Name	Version	Last Used	Experience
SQL Developer, Visual Studio

Language	Proficiency	Read	Write	Speak
English	Expert			
Tamil	Expert			

Projects

Project Title: Geographical Information System

Client: Singtel

Nature of Employment:

Project Location: Chennai

Role: Programmer

Duration: Dec 2017 - May 2020

Onsite / Offsite: Offsite

Team Size: 5

Project Details: Creating new modules/supporting the Gtech application used by the business users

Affirmative Action

Physically Challenged: *No*

Work Authorization

Job Type: *Permanent*

Employment Status: *Full time*
