Summary

Passionate Software Developer with 2.5 years of hands-on experience developing cloud-native microservices. Strong sense of ownership accountability of work. Strong debugging and reverse engineering skills. Developed highly scalable and available microservices using Java 8, Spring Boot, Docker, Kubernetes, SQL DB, Hibernate. Actively involved in all the different phases of SLDC like development, testing and deployment. Worked in an agile scrum team closely with the product owners and QA team to deliver stories incrementally on time. Hands-on experience with Maven, Git, Perforce and STS. Able to work in a team as well as independently producing desired results.

Work Experience

Rupeek Fintech Pvt Ltd as Senior Software Engineer

Nov 2020 to Till Date

working as a backend developer

Deloitte as Software Developer - Java-Spring boot-microservices-Backend developer

Aug 2018 to Nov 2020

Role: Backend Developer

Software product that automatically and securely collects, aggregates, and analyzes product usage data which proactively identifies potential problems and helps VMware Technical Support Engineers improve the resolution time.

Responsibilities:

Member of scrum team in agile environment with lifecycle of 15 days per Sprint, working closely with testers and the product owner.

Requirement analysis, Design and development of features.

Perform Integration testing of the different micro services.

Deploying the application to the desired environments

Monitor the microservices using Wavefront and Dynatrace

Contributions:

Built the entirety of JSON API based Restful microservices of a module in the project

Developed, controlled and customized 19 Rest APIs.
Reduced the response time of an API from 15 seconds to less than 2.5 seconds using asynchronous approach, cache and fault tolerant mechanism using Hystrix
Pioneered the onboarding of a microservice to Kubernetes in the project
Adhered to maintain the code quality using Sonar.
Took ownership of a module in the project.
I was made a lead of a team to handle client presentations and calls at an early stage of my career. This, I used as a good opportunity to increase my skills in leadership by rectifying my mistakes.
