Work Experience

Tata Consultancy Services as Systems Engineer
Aug 2017 to Till Date

I have worked in a bank project ? Digital account opening, being a java developer. I have developed APIs as per requirement using Java spring MVC and used REST client to do unit testing. In this project I have also written SQL queries to create, insert, update, join etc. I have also used SonarQube to do code optimization. ? I am working in an insurance project using spring boot with microservice architecture. In this project, Junit has been implemented and Jenkins used for deployment. Kibana, Microsoft Azure, Git and SonarQube are also being used in this project.
