Description:

LifeSphere RIMS - Regulatory Information Management System. LifeSphere RIMS is a cloud-based regulatory information management solution (RIMS) that provides intuitive, mobile-enabled handling of all regulatory affairs processes by headquarters, regulatory operations, regional managers and local affiliates.

The regulatory planning module streamlines the management of activities and resources associated with global regulatory submissions by automating the definition, distribution and reporting of project plans globally and locally. As a result, LifeSphere RIMS improves visibility across the organization, providing a global view of issues while enabling faster, informed decision-making at a lower cost.
