Summary

IT Analyst with more than 4 years experience in Java development with the following skillsets: Java, Webservice, Spring Boot, SQL, Maven, GIT, Jenkins, XML, MQ

Work Experience

Tata Consultancy Services Ltd. as IT Analyst

Jun 2016 to Till Date

Title : TCS BaNCS Service Integrator (Bangalore- India)

Description : Service Integrator is a web based integration platform that enables seamless integration among various applications. It has highly configurable processing engines to tackle various integration challenges. It allows millions of messages and files

that are exchanged across multiple systems at a time. High volume jobs are processed using file based interfaces. It supports rich

set of in-built adapters like FTP/SFTP, SMTP, SCP, JMS, MQ, TCP-IP

and SOAP and easy-to-use rules definition framework, enabling

rapid integration with Financial Networks such as SWIFT, FIX,

Link Up Markets and Feeds such as Reuters, Bloomberg, Telekurs.

Configuration changes are flexible since it is incorporated through XML.

Sub Project : TCS BaNCS Remittance Module

Description : TCS BaNCS Remittance Module is a SOAP web service based module which provides a platform that enables seamless integration among various applications/ systems.

NCB QuickPay branches are the extended arms of National Commercial Bank(NCB) in the payment service viz.,

Remittance business. This NCB business enables and specializes in remittance

funds outside the Kingdom of Saudi Arabia.

In this module, we have hosted and consumed multiple SOAP

based webservices for achieving the complete integration of

Remittance flow. It supports rich set of in-built adapters like FTP/

SFTP, SMTP, SCP, JMS, MQ, TCP-IP and SOAP and easy-to-use rules

definition framework
