## Summary

I am Richa, currently working with Altudo as Software Engineer. I have completed Btech in Computer Science and Engineering from Harcourt Butler Technological Institute, Kanpur(2013-2017). I am keen learner and have good IT skills. My interest is in Algorithms, Data Structures and solving challenging problems.

## Work Experience

### **Altudo** as Associate Software Engineer

Aug 2017 to Till Date

#### Project 1

Implementation of a intranet application, where user can update their profile details and save it to sitecore databases Worked on Soap API, Single Sign On implementation and AD connection using SAML2 opensource library. Worked on enabling live mode of website built on sitecore and implementing multilingual feature on Portal. Contribution: Owner of project, Bug Fixing, production deployment, implementation.

#### Project 2

Developed multiple webpages using SXA Features and inbuilt components that can be reused across the website. Held demonstrations and provided technical training to client. Support and maintenance: Production deployment, database maintenance and implementations

#### Project 3 (Internal project)

Developed web application for organization which helps in keeping record of all employee data and track allocation.

## Education

UG: **B.Tech/B.E. (Computer Science and Engineering)** from **Harcourt Butler Technology Institute, Kanpur** in **2017**

IT Skills
