Software Engineer seeking roles in Software Development, Application

Programming, Data Analysis, Client Management, Web Development, Project

Management, Incident Management, Configuration

Management, SQL, QlikView, QlikSense, SSIS, SSRS, Tableau, SAPBO, PowerBI, CFA

Current Location: Pune Total Experience: 5 Year(s) 6 Month(s)

Pref. Location: Pune Notice Period: 15 Days or less

Functional Area: IT Software - Application Programming / Highest Degree: B.Tech/B.E. [Computers]

Maintenance

Role: Software Developer

Industry: Banking/Financial Services/Broking

Marital Status: Single/unmarried

Key Skills: software engineer, software developer, software development, application programming, data analysis, client

management, web development, project management, incident management, configuration

management,sql,tableau,qlikview,qlik sense,sap bo,cfa,ssrs,SSIS

Verified: Phone Number | Email - id

Last Active: 18-Jan-21 Last Modified: 18-Jan-21

Summary

A Software Engineer who has developed dashboards by gathering and analyzing business requirements for new project requests. As an Analytical Platform Engineer responsible for the troubleshooting of various system and user incidents, remediation and root cause analysis of incidents of various BI tools. Proud member of CSR.

Work Experience

Accenture Solutions Pvt Ltd as Application Development Analyst

Jan 2017 to Jun 2019

Project-CAP(2017-2019)

Troubleshooting of various system and user incidents, remediation and root cause analysis of outages of supported products(BI Tools) on an analytical platform

Designed and developing QlikView and QlikSense dashboards by extracting data from different sources like Sales Force, SQL Server, Oracle, SAP, Flat Files, Excel files.

Created incremental load process to load the data into QlikView applications from different source systems. Managed job failure analysis and production support for various applications.

Automated and scheduled daily data loads of QVW documents.

Worked with SSIS,SSAS,SSRS for creating packages to transform data from different OLEDB Provider, generating reports and analysis.

Experienced in designing customized interactive dashboards in Tableau using Marks, Action, filters, parameter, calculations and Relationships.

Created detailed design, development, testing & migration documents and performing Proof of Concepts (POC). Technical review of reports before going live for Production deployment

Proposed new infrastructure designs and implemented(both Qlikview and Qliksense).

Responsible for server upgrade of Qlikview and Qliksense on the environment.

Accenture Solutions Pvt Ltd as Application Development Analyst Jan 2016 to Jan 2017

Project-AsianAgri(2016-2017)

Analysis, Design, Development, Testing and Implementation of Business Intelligence applications using Qlikview. Developed QlikView objects like Multi Boxes, Straight tables, Pivot tables, Containers, Line charts, Bar charts, Combo charts, Scatter charts, Line objects, Pie charts, Buttons.

Experience in database programming, SQL, Tables, Views, Indexes, Joins, and Sub - Queries.

1/22/2021

Understanding of data modeling, dimensional & relational concepts like Star-Schema Modeling, Snowflake Schema Modeling, Fact and Dimension tables; experience in Extract, Transform and Loading process of data. Developed QVD Data Warehouse, Design and develop proof of concept for presentation layer, Conceptualize and propose security infrastructure for report in presentation layer.

Worked on documentation for technical design document and user manual for dashboard navigation to assist client.

Accenture Solutions Pvt Ltd as Associate Software Engineer

May 2015 to Jan 2016

Project-RGE(2015-2016)

Building QVDs, QVWs, QVFs using source systems like SQL Server, Excel files etc. Involved in analyzing the data and defining Key Performance Indicators (KPI). Simplifying complex expressions in the dashboards and improving front end. Implemented Set Analysis to improve the calculation times on the front end.

Accenture Solutions Pvt Ltd as Associate Software Engineer

Dec 2014 to May 2015

Developed Proof of Concepts (POC) using Qlikview and Google Maps extension to create application used in efficient management of resources by tracking latitudes and longitudes.

Developed Proof of Concepts(POC) using Tableau. Used different features of Tableau to create drill-down, filter and interactivity based on user requirement Created action filters, parameters and calculated sets for preparing dashboards and worksheets in Tableau.

Developed Proof of Concepts(POC) using Power BI. Created Excel reports, Dashboards & Performing Data validation activity VLOOKUP, HLOOKUP, Macros, formulas, index match, Slicer with (Pivot table, Get Pivot Data, Dashboards), Power View, Power Map and Heat Map.

Accenture Solutions Pvt Ltd as Associate Software Engineer

Dec 2013 to Dec 2014

Design, Development, Implementation of Data Warehousing in ETL. Worked extensively in developing ETL for supporting Data Extraction, Transformation and Loading using Oracle Data Integrator (ODI).

Reengineered tables from Database to move in Oracle Data Integrator(ODI).

Responsible for creating jobs and packages as per business environment and involved in System Integration Testing(SIT) and Unit Testing.

Responsible for debugging and maintenance in the creation of jobs and packages.

Education

UG: B.Tech/B.E. (Computers) from G B Pant Engineering College GBPEC, Garhwal in 2013

Other Qualifications/Certifications/Programs:

Python for Data Science and ML bootcamp

CFA L1
