Work Experience

Accenture as Application Development Analyst May 2016 to Jan 2021

Accenture as Application Development Analyst May 2016 to Till Date

ACCENTURE

Project Name- MyWizard

TECHNOLOGIES - Java EE, Spring Boot, AngularJS

Duration: May 2016 to Till Date

Application: Intelligent Release Planner

Description: This application helps transform Product backlog to viable Release Plan, by analyzing the story attributes and dependencies. Based on AI, the Release planner provides support to create the Release Plan, with sprint timelines and associated backlog.

Application: Business Disruption Predictor

Description: This application helps to avert disruptions by pro-actively predicting possible points of failure in the business transactions. Users can configure this to forecast failure points for any business flow. It uses Machine Learning models to train with historical data and predicts the future trend (failure/success points).

- Have analyzed and designed the requirements, edited and debugged code to fix issues.
- Closely monitored the issues after deployment and fixed the defects after discussing with testing team.

- Have worked both in front end and back end and implemented authorization for apps using JAVA and AngularJS
- Have interacted with client on regular basis to understand end user requirements.
- Code review of subordinate and guided them for deployment and bug fix.

Education

UG: B.Tech/B.E. (Computers) from Kalinga Institute of Industrial Technology in 2016
