Summary

Enthusiastic and motivated individual with superior skills in working in both team-based and independent capacities. Bringing strong work ethic and excellent organizational skills to any setting. Excited to begin new challenge with a successful team.

Work Experience

Cerner Healthcare Solutions as Software Engineer

Dec 2019 to Dec 2020

Was associated with a team for building a Spring application for a project which aims to develop an automated logging and information retrieval system that can be used by the device health monitoring team to efficiently and effectively keep track of all the alerts and notify the incident response center team who can handle the incidents proactively so as to avoid an outage. Collaborated closely with the team to support projects during all phases of delivery.
