Work Experience

Accenture as Software Engineer Associate Nov 2018 to Till Date

Working as an associate to the client in the marketing field.

Roles and responsibilities

Developing Google Ads in all platforms

Work on automation of processes using idea generation and implementing the ideas.

Working as a senior providing necessary training to juniors, resolving issues that need technical expertise, and coordinating all parties involved to get the quality product delivered in time.

Project - http://banner-studio.surge.sh/

This is a sample automation website that I am currently working on. It is built on surge, svelte.js, sass, webpack. It is used to aid qa in testing GWD banners.

BISTA Solutions Pvt. Ltd. as Senior Web Developer Jul 2014 to Nov 2018

Worked as a senior developer in the organisation

Roles and responsibilities -:

Maintaining the company website. (i.e handling the production,

blogs, SEO, images, security)

Coordinate with all parties involved (chairman, SEO, QA,

juniors) and find the best possible output for the website.

Creating POC's for the client to convert leads.

Working with multiple inhouse projects simultaneously.

Projects - https://www.bistasolutions.com/

This is the company website I have helped build from scratch.
