Summary

I am passionate about the latest and greatest technologies. I love learning about the front-end and back-end technologies. Interested in devising

a better problem-solving method for challenging tasks, and learning new technologies and tools if the need arises. I learn, Create and Repeat.

Work Experience

Robert Bosch as Software Developer -Java

Jan 2020 to Till Date

Build Test Automation framework using Selenium using Page object model with page factory

Used log4j2 for logging and extend reports for the reporting

Used maven as a build and dependency tool

Used Apache POI for the Excel reading the runmodes

Used Java mail API to send the emails of report

Used shell script to run the project and send the email

build a CRUD application using spring boot as a POC.

Currently trying to run the tests on remote server using selenium hub and jenkins
