# **Projects**

Project Title: Datafix tool and Easytrieve job

Client: aviva

Duration: Dec 2020 - Till Date Nature of Employment: Full Time Onsite / Offsite: Offsite

Project Details: I have written a monitoring job after the migration project went live. This job is schedule for daily to do monitoring of migrating of polices. If any failure by system during migration, then the job will notify the production support team.

Any incorrect data stores in production this need to be fixed, for that I have created a Rexx tool to do data fix of n number of policies at a time.

Project Title: Barclays Data feed and And Escape of water

Client: aviva

Nature of Employment: Full Time Duration: Sep 2020 - Till Date Onsite / Offsite: Offsite

Project Details: In the month of sept, a small and important project come to us. Barclays wanted to change the old flow of data which was send to them from us on regular basics and add some new feature on Barclays Ask It Never product for business need. Worked on that and completed it with in time by extending weekends hours.

Project Title: Barclays and APC Migration

Client: aviva

Nature of Employment: Full Time

Duration: Jan 2020 - Till Date Onsite / Offsite: Offsite

Project Details: In this project, on an existing product many policies were sold to customers. Now the Barclays which as strategic partner of Aviva wants these policies holder to automatically migrate to new product which has new terms and features. Migration these many policies manually was costly. So, we build a system which will automatically migrate the to new product on renewal and the policy holder will get new documents on the renewal days. For this work I got MOM (Member of the month in June 2020)

Project Title: HSBC Select and Cover

Client: aviva

Nature of Employment: Full Time Duration: Oct 2019 - Till Date Onsite / Offsite: Offsite

Project Details: HSBC is also strategic partner of Aviva and they sell the policies with the product of Select and Cover. Client sell the policies with 3rd part system. It gives the insurance from accidental damage, travel, electronic gadgets etc. Setup new functionality for the HSBC to change the premium amount dynamically by client for which got Star performer of the month.

Project Title: Barclays - AIN

Client: Aviva

Nature of Employment: Full Time Duration: Jan 2019 - Till Date Onsite / Offsite: Offsite

Project Details: Barclays launched its new product i.e. Barclays Ask It Never. It is basically a home insurance product where customer can buy the home policy and insured their home. This product has multiple features and is available for customers
