Summary

I have 8+ years of extensive software development experience, which includes working with leading investment banking company and have knowledge in financial markets related to stocks, indices, options. I have spent 3 years in Mexico near shore development center where I have worked as a team lead managing a team consisting of both locals and expats. I am familiar with Agile methodologies.

* I am in a continuous process of improving myself as a skilled software developer, a valuable employee to my company and as a good human being

Work Experience

Tata Consultancy Services as Developer

Jul 2012 to Till Date

Project: GRC - Enterprise Governance Risk & Compliance [Mar' 2019 - Present]
