Worked on various phases of SDLC such as Requirement Analysis, Design, Implementation, Testing and Documentation.

## **Work Experience**

# **Diaspark Infotech Pvt Ltd - RWS Moravia** as Senior Software Engineer Jul 2017 to Till Date

Bulb Digital Portfolios is a student educator interaction platform, it's a place where they can create, share and showcase their smarts. It is mainly built with Java (Spring Boot), AngularJs, MongoDb, HTML

I have worked on the integration of SSO for Clever, ClassLink also integrated Google Drive, Google Photos, Google

Classroom, Unsplash, Email Notification, SMS Notification and Recycle Bin functionality

I was mainly involved in server-side development and writing integration tests

Added Accessibility features to Bulb Digital webApp

Accessibility features are designed to help people with disabilities use Bulb Digital webApp more easily

Used ARIA attributes and followed WCAG guidelines for making the webapp accessible

Became Crown Of Fortnight for valuable contribution in Bulb project in 2k19

Bulb Roster Sync is a web-app which fetches the student, teacher, class, school and university information from different SIS (Student Information System) and after fetching the information, we transform the data according to the Bulb Digital Portfolios' need and dump that data into Bulb Digital Portfolios' resulting in the increasing of the users of Bulb Digital. It is mainly built with Java (Spring Boot, Spring Batch), Angular 6, MongoDb, HTML

SIS we have integrated are Clever, ClassLink, MO365, OneRoster and Google Classroom

These SIS provide data via API's and CSV files

I have worked on implementation of Clever Sync API, ClassLink CSV, OneRoster CSV and various requirements of client other than sync implementation

I have got exposure of Apache POI while working on Bulb Roster Sync

I have used Maven scripts for building and deploying the application in webApp servers
