Work Experience

Optum UHG India as Senior Software Engineer Aug 2020 to Till Date

Tech Mahindra as Senior Software Engineer Dec 2017 to Jan 2020

Project: FAMS (Fixed Asset Management System)

FAMS is the complete software that helps you maintain records of fixed assets. Complete details of each asset including cost, useful life, user, location, department, cost centre etc. Can be maintained. Several other dimensions of an asset can be added by creating User Defined Fields. All events pertaining to an asset can be recorded in FAMS. e.g shifting, sale, discard, split. Recording Annual Maintenance Contracts, warranties and insurance details help generating timely alerts for proper management of assets.

Roles and Responsibilities
