# **Summary**

An IT professional looking for Appian Developer position in your organization where I can utilize my skills in Appian for efficient delivery.

# **Work Experience**

# **Accenture Technologies Pvt. Ltd.** as Application Development Analyst Aug 2018 to Till Date

**Brief Summary** 

I have been working as an Appian Developer during my career here. I have received Rockstar Rookie award thrice and Spark award for my Contribution to the project in these two years. During Client deliveries I have proved my work and dedication by working with the team for long hours and meeting the deadlines.

About my work

Helped in proper requirement gathering and ensured no requirement was missed due to complete knowledge in the functionality.

Have efficiently designed and developed many functionalities with minimum defects.

Supported team members in testing changes for user interfaces and application functionality.

Have provided support during releases whenever there were issues present.

Have helped in ensuring successful delivery of key project outcomes.

Have provided Client Demo on the developed functionalities.

Have also engaged myself in providing Knowledge Transfer to my fellow colleagues in Appian.

Maintained Technical Documentation such as Peer Review, Object changes.

Provided technical assistance to my colleagues in troubleshooting the defects and resolving them.

Well versed in Agile and SDLC methodologies.

Have participated in Hackathon conducted by Accenture which involved Google Dialogflow and Twilio.

#### **Education**

#### UG: B.Tech/B.E. (Computers) from Dayananda Sagar College Of Engineering, Bangalore in 2018

Other Qualifications/Certifications/Programs:

appian level 1

appian level 2
