## Summary

Software Engineer with a year of experience in web development and a proven knowledge of programming and front end development to successfully fill the role of Software Engineer. Hoping to look for opportunities in front end development, as well as using my detail orientedness and team skills towards the growth of organization.

### Work Experience

Accenture as Associate Software Engineer Dec 2020 to Till Date

Accenture as Associate Software Engineer Nov 2019 to Aug 2020

Worked on projects as a front end developer and on Tableau. I can easily learn and adapt to new technologies and requirements. Explored various emerging technologies alongside the primary tasks assigned for future development I have been constantly dealing with the business analyst and the client for requirement gathering and received appreciations from client also. I have had a good experience of working in an agile environment and maintaining the team spirit as well as a part of this project. I have received recognition from my manager for providing

deliverables within timeline.
