Summary

Self-motivated individual with 1.2 years of work experience in a business environment with a reputed organization. Currently seeking an opportunity to utilize my experience for business efficiency and align my career goals with the organization's goal and work as an Abinitio/ETL developer. I am also open to learn new technologies and challenges.

Work Experience

Hoonar Tekwurks Consulting LLP as Associate Consultant

Nov 2020 to Till Date

ACCENTURE SOLUTIONS PVT. LTD as ASSOCIATE SOFTWARE ENGINEER

May 2017 to Jul 2018

Work with various Ab Initio components - REFORMAT, SORT, DEDUP SORTED, FILTER BY EXPRESSION, ROLLUP, NORMALIZE etc.

Develop, Fortify and Overhaul the ETL code as per the requirement and load the data into the test environment for preproduction testing and analysis.

Write Oracle SQL queries to extract data from loaded tables and check for any misalignment(s) in and across multiple stack. Collaborate with the onshore team for requirement gathering.

Write simple shell scripts for automation tasks.

Work on the production incidents raised by business for the customer data issues and remediate the same.

Get sign off from the testing team if the change is successful and move the written code into the production environment. If not, revisit the code & inspect it.

Provide production support for the changes.

Complete quality reviews for designs, codes, test plans and documentation methods.

Reporting all the work done to business via various tools like Microsoft Excel, Microsoft PowerPoint, QlikView, etc.

Education

UG: B.Tech/B.E. (Electronics/Telecommunication) from Ramdeobaba college of engineering & management, nagpur in 2017
