Summary

Innovative Software Engineer with experience in Core Java, Spring Framework, Database (Oracle) and Axway products, namely Policy Studio/API Gateway, Integrator/Mapping Services, Gateway etc. Offering 3.5+ years of experience in full software development lifecycle. Quickly learns and masters new technologies and working in both team and self-directed settings.

Work Experience

Sopra Banking Software as Software Engineer
Jul 2017 to Till Date

Project 1: Cassiopae
Cassiopae is a loan servicing and leasing software which is global and configurable.
Responsibilities:
Developed the backend code for the product using Spring and PLSQL.
Resolved the tickets which involve code change in JSFs, Spring Web Flow, UI Beans and PLSQL.
Developed APIs using SOAP and REST services.
Wrote techno-functional documents relating to web services to help new team members.
Achievements:
Received Spot Award for my work in Cassiopae soon after joining the project.
Project 2: Helipay
Helipay is a payment solution product. It basically deals with account verification, payment initiation and account mobility.
Responsibilities:
Orchestrated efficient migration of existing product from Integrator to APIGateway , therefore, increasing performance nearly 10 times.
Worked on map creation using Mapping Services.
Achievements:
Received Customer Satisfaction Award for my efforts in the project.

Education

UG: **B.Tech/B.E. (Computers)** from **Arya College of Engineeringg, Jaipur** in **2017**
