Work Experience

Wipro Limited as Senior Project Engineer
Jun 2014 to Till Date

I have worked in various areas/applications and phases of my project life cycle.
Have worked on areas like Schwab.com, SAC.com,SIP, ACS and Client Central.
Understanding the business requirement from the client
Performing thorough analysis and providing the best solution to the problem.
Preparing Test Plan , test execution strategy , test cases.
Using DB2 to Store and extract various data.
Used Parasoft tool - SOA Test for testing of online modules(services). Creating of WSDL whenever necessary.
Usage of Various Tools like ISPF, Xpeditor, ChangeMan and StarTool.
Thorough testing of modules-Unit Test, Functional Test, Regression Test.
Providing support to Support team for solving Mainframe batch Job abends.
Liaising with Testers and Business Analysts, to review changes and the peer review of any Requirements that comes in
Monitoring and reviewing tasks assigned to juniors.
Performing thorough reviews on the task performed and also presenting the same to the onsite coordinator.
Have been working directly with US Business clients to get requirements and also coordinated with both offshore and onshore in completing projects taken.
Have also worked on modernization part of the project which is to migrate the Mainframe modules to .Net API s in Agile process.
