Work Experience

Code Craft Technologies as IOS Developer
Aug 2018 to Till Date

Applied Apple's Swift development language to code native apps for iOS platform.
Researched and selected APIs for integration into development projects.
Worked with quality assurance team to confirm app compatibility with analogous solutions on other platforms.
Instructed junior developers on use of Swift programming language, creating collaborative learning environment to onboard personnel.
Followed Apple's Human Interface guidelines to create products aligned with iOS UI norms.
Achieved 100% app store approval rate on developed applications.
Designed user experience frameworks applicable to multiple screen sizes, including both iPad and iPhone.
Complied with all Apple App Store guidelines to provide rapid approval and deployment to retail channels.
