Work Experience

◉ **Accenture** as Testing Analyst
May 2017 to Till Date

Was working with a travel insurance project. Where we can perform operations like Booking Policy, Subscription of Policy, Modification of Policy, Cancellation of Policy, Transaction after policy booking by Card Payment, Direct Debit Payment, eWallet payment methods. Also booked policy is transferred to client location or not is getting verified by Export functionality where batches have been run. API testing has been done for integration testing and UI testing has been though website UI.

My roles and responsibilities are as under:
?   Requirement Analysis, Writing and execution of Test Cases in QMetry
?   End to End Application testing ? Web UI , API and Data verification in DB (SQL)
?   Attended daily status call and backlog grooming calls.
?   Performed testing of types: Functional Testing , Regression Testing , Smoke
?   Test Case Preparation and Management on ALM.
?   Testing, Re-Testing of fixed defects.
?   Defect Logging in JIRA tool.
?   Performed sanity on different env. after sprint release ? SIT, UAT
?   Log checking in Putty/mRemote
?   Working on MySQL database for Data Verification.
?   Training the new joiners with the test processes.
?   Conducting weekly status meetings with the team & daily status meetings.
?   Writing Automated test cases using selenium hybrid framework.
