Summary

Currently spearheading as Technical Lead handling multiple team with DreamOrbit Softech Pvt. Ltd., Bangalore.
Expertise in EDI/EAI integration, maintaining and supporting existing ones.
Worked across many domains like Retail, Logistics and Warehouse with different EDI standards namely X12, EDIFACT, XML, Positional, CSV, and XLS etc.
Reactiveness in resolving any critical support and development issues and implementations of their permanent solutions results in gaining customer long term trust.
Hard working but firm believer of team effort, which in my opinion always exceeds individual expectations.

Work Experience

🔵 **DreamOrbit** as Technical Lead -IT
Dec 2015 to Till Date

Project　　EAI/EDI Integration, Support and Enhancement
Customer　　Crane Worldwide Logistics
Duration　　September 2014 - Present
Role　　Team Lead
Responsibilities　　On boarding new EDI/EAI customers and trading partners which constitutes of creating communication and mapping specific document,
Setting up EDI configurations which includes EDI translation maps, business processes, services, communication protocols (FTP, SFTP, HTTP, AS2) .

Handling team to support all EDI issues which includes all inbound and transaction failures, EDI request raised through Jira portal and through emails from both internal team and external partners.

Keep updating EDI infrastructure aiming for automation of redundant work and creating easy UI interaction for operation team so they resolve EDI issues also without needing EDI support.

Project　　Montage Fulfillment, LA
Duration　　June 2017 - Present
Role　　Developer
Responsibilities　　West Coast Distribution was using Gentran Integration server of EDI. As they moved to IBM sterling integration, I have done all migration of their EDI infrastructure from GIS to IBM Sterling integrator. This includes end-to-end set up like installation set up, creating required business process and its components (maps, envelopes, services, database tables).

Once migration done, our team is taking care of all EDI support and on-boarding new trading partners and other enhancement activities.

🔵 **Tech Mahindra** as Senior Software Engineer
Sep 2015 to Dec 2015

Project　　GlaxoSmithKline

Project   GlaxoSmithKline
