● **Infosys Limited** as Technology Lead
Jul 2007 to Apr 2016

8.8 years of experience in IT Consulting, Pre-Sales; Service Delivery, Vendor, Product & Project Management for 16 clients across 4
industries (BFSI, Oil & Gas, Manufacturing and Retail); International work experience of 5 years across 5 countries (US, Australia, UK,
Singapore and Norway) & proven track record of delivering projects with exceptional client feedback
IT Consulting & Leadership
Developed IT based solutions to diverse business problems in coalition with client executives & led Initiatives at Infosys
* Advised CIO & VP on redesigning IT setups in Ships reducing maintenance & setup costs by 50% (€24K savings/ship/year)
o Redesigned Infrastructure & network architecture setups on ships to reduce installation time to 1 day from 4 days
o Kicked-off engagement with Infosys Unit's first Norwegian client & helped build a multi-million Euro account
* Engaged C-Level executives & multiple stakeholders in completing a project pending for 2.5 years within 2 months
o Defined scope of work, project & resource planning, coordinated with 3rd party stakeholders & internal business heads
* Structured end to end solution of Win Servers Migration Project for an Energy sector client co-leading a team of 14 in the US
o Planned & Implemented logistics, SQL/IIS/ADS deployments for 4500+ users in 5 countries & 9 offshore drilling platforms
within 3 months, when typically it takes 2+ months per offshore platform
Project, Vendor & Contract Management
Led multi-national, multi-cultural teams while working on-site in UK, USA, Australia, Singapore & Norway for global clientele
* Youngest in company vertical to lead a team of 20+ members for Mobile Desktop Implementation
o Successfully turned around a project in escalation delivering 3 weeks prior to deadline by exhaustive planning & monitoring
o Generated repeat business for Infosys (3 projects)
o Increased team size from 5 to 28 to provide expert migration support & secured preferred vendor Status for Infosys
* Developed Roadmap & helped execute Project for consolidation of IT Services across client subsidiaries present in 11 countries
o Led client engagement, effort & budget estimations & negotiations with sub-contractors in 29 cities
o Coordinated with OEMs for loading of Windows & other software at factory stage thus saving $600,000 for client
Product Development
Developed customized Windows Operating Systems & applications for 3 Fortune 100 clients
* Planned & Executed 3 Win8.1 release strategies across 11 departments & 15000 users within 6 months
o Increased Win 8.1 adoption rate to 95% as compared to a mere 20% in a previous attempt by the client
o Saved client $2.25 million which would have otherwise been paid for extending Win XP licenses for 11,250 computers
* Established excellent client relationship while developing multiple flavors of Windows7 for 2000+ users across 7 countries
o Reduced deployment time by 67%; saving $1.75M for client by building .NET, VB, HTML based applications & dashboard
o Received highest Client Satisfaction CSAT score of 7/7 for engagement & Net Promoter Score(NPS) of 68 in feedback survey
