Summary

I am an Information Technology graduate from Bits Pilani (8.14 CGPA) and have worked with Tribe Tech Pvt Ltd and IBM India as a Software Engineer. I have worked on Spring Boot, Core Java, Hibernate and SQL as major technologies and am a quick learner. I love problem solving. I am looking for a java developer role in a challenging project of an organisation where I can keep my learning curve steep.

Work Experience

Tribe Tech. Pvt. Ltd. as Software Engineer
Jan 2019 to Till Date

I am working on developing LOS(loan origination system) product. I contributed to various micro-services like policy engine, form service, loan app, tagging service etc. I also played an instrumental role in integrating open source tools like drools and flowable with our micro-services. I developed several RESTful APIs for different micro-services.

IBM INDIA PVT. LTD. as Associate System Engineer
Aug 2010 to Nov 2011

I worked on Bharti Airtel project and used mysql and pl-sql as technologies. I was responsible for adding to or modifying existing database code as per the client need and also for doing debugging and solving bugs pre and post new release

Education

UG: **B.Tech/B.E. (Computers)** from **Birla Institute of Technology and Science (BITS), Pilani** in **2010**

PG: **in 0**
