Summary

A performance-driven professional with 7+ years of experience in software development & education industry who had worked as Front End/UI Developer with overall 3 years of extensive experience in the website development and during this tenure got hands-on experience of coding websites using web technologies HTML, HTML5, XHTML, XML, CSS, CSS3, JavaScript, AJAX, jQuery, AngularJs by meeting W3C. I am also experienced in translating designs to front-end code, estimate task delivery time and determine developer requirements and specifications by collaborating with creative and development teams on the execution of ideas and projects.

Work Experience

Talento Consulting Pvt.Ltd as Executive UI Developer
Sep 2020 to Jan 2021

Job Responsibilities:
? I was involved in developing an internal website and maintenance using Javascript, HTML, DOM, XHTML, CSS for client-side presentation and, data validation on the client-side within the forms.
? Designed pdf, excel, and print previews for all the reports on the website using HTML, Javascript, and SQL query.
? I was involved in designing, coding, and modifying websites, from layout to function and according to a business specification.
? I was also involved in coordinating with team members to help them to understand coding and meet deadlines through sprint meetings.
? Involved in fixing reported bugs
