Summary

Detail oriented professional IT experience of 3 years with Microsoft Power BI, MS SQL Server, Microsoft Excel and DAX Queries
Seeking to take the next career step with a respected organization dedicated to world class quality. I am an active team player with good interpersonal and demonstration skills for analyzing system requirements

Work Experience

⦿ **Accenture Solutions Pvt Ltd** as Application Development Analyst
Nov 2017 to Till Date

Project :
Project Name : ITS Delivery Insight (Client - Avanade)
Role : Developer (Application Development Analyst)
Description :
Avanade Inc. is a joint venture between Accenture and Microsoft with majority of the share held by Accenture. ITS Delivery Insight generates reports which gives analysis and forecasts based on the historic data to the Leadership.
As a part of Avanade Global Reporting Team, we mainly focus on delivering various reports on a monthly basis using Power BI, SQL Server, SSIS and Excel Macros.
Role and Responsibilities :
Define, design, and develop interactive dashboards and other automated reporting in Power BI
Meet requirements for ad-hoc requests, data and queries
Continuously improving systems and data handling to remove manual processes and streamline working practices
Experience working with multiple data sources, around financial and commercial data
Executed dashboard setups and data manipulation using DAX
Creation and maintenance of SQL Server objects
Proactively identify processes for development and improvement
Strong organizational and time management skills; ability to adapt quickly to changing priorities
Significant Achievements :
Was promoted from being an Application Development Associate to an Application Development Analyst with the top rating
Developed multiple Power BI reports from the scratch which indeed are in Production
Received Client accolades several times for the quality work done
Have been recognized as a good team player with analytical skills
Received appreciations for organizing Delivery Unit events
