Summary

Seeking an opportunity to work in a firm with a professional work driven environment where I can assimilate knowledge and experience which would enable me to grow while fulfilling the organisational goals.

Work Experience

TCS as Devops Engineer
Nov 2015 to Nov 2020

I am working as a Devops Engineer in TCS and is responsible for CI/CD process and other configuration and orchestration tasks involved. I have experience with tools like Ansible, Docker, Kubernetes, Jenkins, GIT, Artifactory, SVN, Weblogic, Jboss etc. I have completed my certification in AWS Solution Architect Associate. I am looking forward to work where I could use my knowledge as well as could be able to learn something new.
