Summary

Resolute and committed professional, offering nearly 10 years of experience in Design, Analysis, Development, Implementation and Maintenance of various MS.Net WEB applications using Agile methodologies
    Extensive project management & governance experience, proficient in grasping the big picture, conceptualizing, developing, implementing solutions, partnering closely with business leaders & stakeholders to achieve higher levels of efficiency and effectiveness
    Participated in various phases of SDLC right from requirement analysis, effort estimation, coding & testing (preparation of test cases along with implementation) for maintaining the quality of proposed applications
    Experienced in contributing actively throughout the development phase by tracking technical issues and solving problems especially for the issues spanning across multiple programs
    Successfully implemented CI/CD using TFS & Jenkins for .Net and Java projects

Work Experience

◉ **Boeing** as Programmer Analyst
Jul 2018 to Till Date

Key Result Areas:
    Analysing the user needs and software requirements for determining feasibility of design within time and cost constraints; consulting with customers/clients about software system design and maintenance
    Conducting system study and coordinating with team members for product documentation, system design & integration, coding & application maintenance
    Identifying defects, questionable functions, errors, and inconsistencies in software program functions, outputs, online screens, and content for the betterment of the development process
    Interacting with team members for ensuring smooth progress of project work; ensuring adherence to quality norms throughout the implementation process
    Recognizing documents related to components and maintaining detailed study of the same as per the product changes, by getting in touch with the product developers
    Providing post-implementation, application maintenance and enhancement support to the client with regards to the product / software application

◉ **Infosys** as Technology Analyst
Sep 2013 to Jun 2018

Projects Executed:
    SRA (Service Request Automation)   CRIC

◉ **M-Bytes**
Mar 2011 to Sep 2013

Project Executed: ELearnWeb

Education

UG: **B.Sc (Computers)** from **St.Joseph's College, Bangalore** in **2007**

PG: **MCA (Computers)** from **Sir M Visvesvaraya Institute of Technology, Bangalore** in **2010**
