Work Experience

Working with VNR Seeds on project basis and freelancing to Upwork Clients as Software Developer
Nov 2019 to Till Date

Currently, I am working as a Freelance Software Developer with my previous full-time working company VNR Seeds Pvt Ltd.

Now the software's (Recruitment Web Application) initial version released and some modules updations going on, so my current day-to-day responsibilities are to develop required module updations and stay in touch with end-users (i.e; HR Team members) if any support needed, and manage a junior developer(currently explaining the workings and modules of the software).

VNR Seeds Pvt Ltd as Software Developer
Jun 2017 to Oct 2019

Software Developer at VNR Seeds Pvt Ltd for 2years 4months. Used to work full-time on location Raipur, Chhattisgarh, India.

Developed 3 web applications individually, done module updations and maintenance of 4 web applications with a team. The web applications used to develop were related to departments like HR, Finance/Accounts, Sales, IT, Management, Production, R&D.

Education

UG: **B.Tech/B.E. (Computers)** from **MATS University** in **2017**
