Working on my Start-Up Idea (Agriculture and Food Processing), India
Assisted Investor is developing business plan and mobile application

Assisted investor is developing business plan and mobile application.

- **JP Morgan** as Senior Project Manager
Apr 2012 to Jul 2015

Implementation of Global Equities (Cash) Front Office Sales and Trade Management System (NewGEM, NextGEN, AIA+), Market Data Integration, Trade Analytics, ALGO & Principal Trading, Global Reporting, Automation, Compliance.
* Led cross functional, geographically dispersed teams which support end to end testing management, business analysis and project management for Equities Front Office Sales and Trade Management System.
* Collaborated closely with the business teams, traders and IT (Automation & Development teams, Support & Environment teams) to streamline requirement gathering, project planning & production release strategy plans.
* Partners in the development of business case and cost benefit analysis for moderate to complex level business requests/enhancements/projects.
* Involved in the internal audits, compliance, regulatory reporting, consultation, project planning, reviews and sign-off testing activities to ensure compliance to testing and technical policies, standards and procedures.
* Drive continuous improvement initiatives and best practice/idea sharing and providing the business team with relevant metrics and benchmark data.
* Introduced and developed an Automation Tool designed only for manual testing team integrated with build environment (server) and an internal build toll system which triggers on hidden back-end merges during ongoing testing or deployment phases.
* Reduced number of production issues to 'Zero' for all major monthly releases consistently for 24 months.
* Spot Excellence Award for IT Infrastructure movement, coordination and reestablishment for all branches of Mumbai within 8 hours.
