Summary

I intent to be a part of an organization where I can constantly learn and develop my technical and management skill and make best use of it for the growth of the organization. I look forward to establishing myself by the adapting new technologies as well.

Work Experience

◉ **SiS Technologies** as ARC (Alarm And Response Centre) Executive & Engineer
Nov 2020 to Dec 2020

Every time we receive a real time alarm or alert on our server window, and those alarms are coming or generating from our iot devices that are working on a specific place or site which are connected with our real time server, we handle that alarm and execute, alarm can be a b2c and B2B like IIFL vaults security, Yes Banks and ATMs security, RBL, esaf Bank ,etc.
We also do installation of those devices and guide our engineers to install those devices properly on a site.
According to situation we handle all type of alarms and execute with a pure attention.
